Mr. E. C. Fowler  
25 Church Street  
New York City

Dear Sir:

Our attendant told me yesterday of your visit, and I am sorry that it was not at a time when either Mr. Wood or I were at the Museum, because it would have been a pleasure to show you the collection of medals formed by Mr. Powell, and by him presented to our Cabinet. I hope you will find another opportunity to come again soon.

Regarding the price of Rebaud's "Les Médailles Historiques du Règne de Napoléon le Grand", may I make this suggestion - the publication price of this book is \$20.00, but our Council has offered its sale to members at half price. If you are interested in collecting coins and medals of Napoleon, would you care to consider an invitation to become an Associate Member of our Society. This would permit me to offer the volume you desire at the ten-dollar rate; and although there will not be another meeting of our Council until the Fall, I should be glad to deliver the volume without delay because your election would be a foregone conclusion.

Irrespective of whether or not you are in a position to accept the above suggestion, may I say that our library is at your disposal, and if you care to consult any of our books having a bearing on the Napoleonic series, I shall be only too glad to have you make use of them.

Very truly yours,

Enc.

Dear Mr. Fowler:

I am enclosing, herewith, the photographs of the Napoleonic medals, which you desired and which Mr. Wood asked me to have sent to you as soon as they were finished. I am, also, enclosing the memorandum of the photographer.

If the photographs are not satisfactory, please let me know.

Very truly yours,

Secretary

My Dear Mr. Noe-

The writer encloses herewith his check for \$11.00, to pay for a copy of the book on Napoleon Medals "Les Medailles Historiques Du Regne De Napoleon Le Grand", which I wish you to have sent by express to Miss Olive Jones, Librarian, Ohio State University, Columbus, Ohio.

Please have this packed if possible in some corrugated board in addition to the box with which the book is already covered, so that the cord will not cut into the book. Should there be an additional charge on account of expressage, will pay it when I send you check for the photographs you are making for me.

Very Respectfully Yours,

Dear Mr. Fowler:

Please pardon the delay in reference to your  
napoleonic manuscript, but I have at last got a ruling from  
our Publication Committee. We regret very much that it is  
not possible for us to use the material which you have submitted.  
There are a number of reasons which enter into this decision,  
but they are too complicated to trouble you with.

Shall I send back the manuscript or shall we

Dear Sir.

At present there are a number of vacancies in the list of Fellows, and it has been suggested that you might care to become a Fellow of the American Numismatic Society. As you know, the title to the Museum and the collections of the Society is invested in the ( not more than ) 150 Fellows, and those within the the past few years invited to become Fellows have been limited to individuals really interested in numismatics. The dues of a Fellow are \$ 15.00 annually.

If this suggestion receives your favorable consideration, I shall be very glad to present your name at the next meeting of the Council, early in February.

Very truly yours,

Secretary.

Dear Mr. Fowler:

It gives me great pleasure to inform you that at the meeting of the Council held February 10th, you were unanimously elected a Fellow of the American Numismatic Society.

Very sincerely yours,

Secretary.

Accept the writer's thanks for the news that he has been elected a Fellow in the Society. Kindly command me when I can assist the good work going on.

I am now designing a couple medallions which will be presented each year for prizes by the American Society of Civil Engineers, in honor of my mother, who died on January 10th. The sculpture will likely be done by the Gorham Company and I shall be glad to present copies, either in gold bronze or silver as you may desire for the Museum.

Dear Mr. Fowler:

Thank you for sending me the sketches of your projected medals. The shapes are a little unusual for an award medal, and the designs seem more pictorial than sculpturesque or medallion. I am very glad to have seen the designs.

My dear Mr. Noe-

The writer presumes that you do not understand the connections and limitations of the medallions which I am getting up for the American Society of Civil Engineers. The shape must be the same as our small badge, and the "picture" part must tell a story to the practical engineer, and not be simply allegorical. When finished in full relief instead of in lines they will be identical with a number of my Napoleon medals. The ordinary round medal is put away out of sight, but these can hang over a man's desk.

Very respectfully yours,

Dear Mr. Fowler:

Your annotation to the bill sent you under date of September 8th, leaves me somewhat mystified. If you mean that you have received no monographs during the present year, I would state that three are nearly completed and another is in the hands of the printer. If you mean that the enlargement of our building has deprived you of using our collections for consultation, I wish to say that that condition no longer maintains and that we hope to open the building to the public within a short time, and our members are received whenever it is convenient for them to call.

To a certain extent membership in an organization such as ours, is a matter of willing support on the part of those who accept such membership, and I should be very sorry to think that anything had occurred which would make you other than one of our willing supporters. If, however, you desire to have me consider your annotation to your bill as a resignation, may I ask you to let me have a definite word to that effect?

Very truly yours,
